

Pivot

Tray Size	A = Opening Space
700	450
*760/800	520
900	630

The diagrams illustrate four installation methods for a pivot tray:

- Recess:** The tray is lowered into a recessed cabinet opening.
- Side Panel:** The tray is lowered into a cabinet opening with a side panel on the right side.
- LH:** The tray is lowered into a cabinet opening with a side panel on the left side.
- RH:** The tray is lowered into a cabinet opening with a side panel on the right side.
