

## Troubleshooting

### 3 Series - Sliding Door

1. Is the tray level? (See section 2 of the site installation instructions for this particular product.)
2. Are the wall profiles stepped in? (See section 5.)
3. Are the wall profiles plumb? (Section 5.)
4. Is the unit silicone sealed correctly? (Section 11.)
5. Has the seal (Part SP01060) been fitted between the moving and fixed panels? Or is this seal damaged?
