

Troubleshooting

7 Series - Walk-In

1. Do the finished measurements on the tray comply with the adjustments listed in the Walk-in Tray Installation Guide?
2. Is the tray level? (See section 6 of the site installation instructions for this particular product.)
3. Are the wall profiles stepped in? (See section 5.)
4. Are the wall profiles plumb? (Section 5.)
5. Is any part of the Enclosure overhanging the outer edge of the shower tray?
6. Is the unit silicone sealed correctly? (Section 8.)
